Dear Parents,

RE: Academic Dishonesty in the Global Assessment Certificate (GAC)

Singapore International School places great emphasis on academic honesty and is committed to ensuring that all students are made aware of what academic honesty is and what the consequences are for being dishonest.

The school has in place an 'Academic Honesty Policy' which all students from Year 6 – 12 are made aware of via special assemblies at the beginning of the school year. This policy can be downloaded from the schools website at http://saigonsouth.sis.edu.vn/

In the case of GAC students, ACT Education Solutions have very strict guidelines which they follow for academic misconduct. Such conduct may result in the suspension or exclusion of the student from the GAC program.

If a student is excluded from the GAC program by ACT Education Solutions, they will not be able to receive their GAC certificate and their enrollment from Singapore International School will be cancelled.

The rules and policies pertaining to assessment and academic conduct have been provided to students during orientation and included in an Orientation Booklet developed by the school.

Yours faithfully,

Mark Priddis
Principal
